## SEASON DATES

November 22, 23, & 24 (first season) & December 5, 6, 7, & 8 (second season)

## PREFERENCE SYSTEM

In order to be eligible for preference, an applicant for the first firearm lottery must check the Second Season Option box on the application, indicating that he/she will accept a second season permit if there are no remaining full season permits. An applicant who then receives an either-sex second season permit in the first lottery, or who is rejected, is eligible for preference in that county the next year. This does not apply to special hunt areas and bonus antlerless-only permits.

## OTHER HUNT AREAS

There are other areas that have local drawings for permits from county permit holders. Hunters for these areas must first acquire a permit for the county where the area is located. For more information regarding locations and requirements of special hunt areas only, call the Division of Wildlife Resources at 217-782-6384.
